

Plaque Beam

Available at Gungahlin and Woden Cemeteries, a Plaque Beam allotment is a lawn grave, with memorialisation by way of a large plaque installed flush on the exposed aggregate beam at the head of the grave.

Interments can take place seven days of the week. Graves are dug to double depth. Most graves can be dug to triple depth, which incurs an additional fee.

The memorial plaque is included in the allotment fees. Documentation will be issued post-burial and will include a plaque application form.

In the interim period between the burial and memorialisation, a temporary grave marker will be provided.

Although fresh flowers are permitted at the grave, Canberra Memorial Parks discourages any placement of personal, valuable or sentimental items on the site.
